A letter from our Executive Director

To friends of United Way of the Yampa Valley,

It's been a year filled with innovation, growth, and meaningful collaboration. As we reflect on our accomplishments, we are thrilled to share with you the incredible milestones we've achieved.

One of our biggest accomplishments was the merger of Routt County United Way and Moffat County United Way. United Way mergers are becoming increasingly more common around the world. They demonstrate that through the power of combined efforts, we can reach more people and do more.

Under our new name United Way of the Yampa Valley, we are offering services to Routt, Moffat, and Rio Blanco counties. For example, our financial literacy classes hosted by Women United are now held in Oak Creek, Hayden, Craig, and Steamboat. These classes have helped individuals become financially empowered. As time goes on, we are planning on offering the classes in more locations across the valley.

Our merger and financial literacy classes are just the beginning. Keep reading to see the joy, community togetherness, and success that is United Way of the Yampa Valley. Thank you for your support!

Kate Nowak

Executive Director, Kate Nowak

We Merged

On September 1, 2023, Routt County United Way and Moffat County United Way merged to create United Way of the Yampa Valley. This decision was made after careful consideration and collaboration between representatives from both entities. Our collective aim is to provide the best support and services to the communities of Routt, Moffat, and Rio Blanco counties, closing gaps and opening opportunities for all. By combining resources, expertise, and networks, United Way of the Yampa Valley will be better equipped to foster positive change and create lasting solutions for our community.

The newly formed United Way of the Yampa Valley will uphold the mission shared by both organizations: to advance the common good in Northwest Colorado by improving education, strengthening financial stability, and promoting community well-being. This merger presents numerous opportunities to expand support and services, allowing us to make an even more significant impact.

**New Name. New Opportunities.
Same Mission.**

United Way of the Yampa Valley

UWYV creates solutions that advance the common good in Northwest Colorado. We're improving education, strengthening financial stability, and making our community healthier. Our community-led solutions focus on four goals to make the greatest impact in our community: giving children a strong start through early childhood education, providing youth a safe, healthy, and nurturing environment to promote successful youth, improving the financial stability of all Northwest Colorado Citizens, and promoting access to health and crisis services.

Our Mission

Our mission is to unite people, ideas, and resources to advance the common good in education, financial stability, and health.

Our Vision

We envision a Northwest Colorado community where all individuals and families achieve their human potential through access to education, opportunities to improve financial stability, and support to lead healthy lives.

STORIES OF US

Brad's Story

"The Budgeting 101 class was a blessing to me. As someone who makes highly varied income, my head would spin thinking about how I would have any stability with finances. Scott, Lynn, and the Susans introduced me to multiple straightforward ways to deal with variable income that have given me real peace of mind. The fact that this class is offered to us at no cost with great reward is a blessing. Thank you." *

Testimonials

"This food card is a true blessing. With it, we were able to provide a holiday meal for our family. Thank you from the bottom of our hearts!"

"Your holiday food card brought tears to my eyes. It really is a great support in these difficult times. Thank you."
